Sammy is on the college basketball team. She really likes to practice and she loves the games. And her whole family loves tennis. Her grandmother taught her to play. She started when she was about seven. But her favorite game is soccer. She watches it on TV every week.

Aurelia is taking driving lessons right now. It’s difficult, but she enjoys it. And she goes to Spanish classes two evenings a week. She’s just started, so she’s a beginner! And she wants to be better at dancing, so she’s going to take lessons next year. Salsa – she can’t wait!

This year, Tian traveled to Mexico. It was her first time, and she loved it! She wants to see a lot of other countries too! Her dad went to Russia and loved it, so she wants to go there too. She says that there are so many amazing cities and countries in the world – she wants to see them all!

Mateo’s perfect day is going to the beach. He lives near a beach, so he goes there most days. He loves surfing and diving. But sometimes he just sits on the beach and reads a book!

Margarita plays drums in a jazz band. And at college, she’s taking guitar lessons. When she’s older, she wants to be an opera singer. But she knows it’s not easy, and you have to be really good. Let’s wait and see if Margarita becomes an opera star!

You see, everyone likes different things. But we all like to spend time together!

**Visiting Fandango Island**

If you want to stay at a really nice hotel on Fandango Island, go to the Hotel Royal. I went there last summer. I'm a dentist, and I went to an international conference there. The hotel is really big, the rooms are lovely, and the food is amazing. I want to take my family there next year on vacation!

Fandango Island is famous for the beaches. They're good for swimming and surfing. But for me, there are always too many people on them. I like quiet places, where I can really relax. That's why I love the mountains there!

The main town on the island is called Delgado. It's a good place to visit. You have to spend a lot if you want to stay in a hotel there. But eating in restaurants doesn't cost much. And the food is great. It's not a very big city, and there are a lot of nice parks.

People visit Fandango Island all year. Some people take their summer vacation there, but for me, it's too hot then! In spring, there are a lot of colors – the trees and flowers are beautiful. I love taking photos of nature then. In the fall and winter, it's cold, and I don't like cold weather!

- 1 Why did Enrico go to the Hotel Royal?  
A for vacation                      B for business
- 2 What is Enrico's favorite place on Fandango Island?  
A the beach                          B the mountains
- 3 What is cheap in Delgado?  
A eating in restaurants      B staying in hotels
- 4 For Enrico, when is a good time to visit Fandango Island?  
A spring                              B fall
