

UNIT 6 QUIZ A

Good morning everyone, and welcome to today's bus tour. My name's Alicia and I work for the Sunshine Tours bus company.

The plan for today is to visit three different places, and they are all very different. There's more information about the places on our webpage or you can download our app. The first place we visit today is the beautiful city of Ponce. We arrive in Ponce at 10:30 a.m. and we stay here until one o'clock. Please return to the bus at one because we have lunch at a restaurant at 1:30 p.m. The restaurant is the Marimar. Does anyone know this restaurant? It's next to the beach.

[noise of people muttering and making comments in response]

It's a really great restaurant. It's the second best restaurant in the neighborhood, it has a rating of four stars and the chef in the restaurant is the best in this area!

Let me tell you about Ponce. Ponce is in the south of the island of Puerto Rico, and from April to October it is very hot. It's a very old city and there are lots of old houses to look at. This morning, you can walk around the city and have coffee in one of the cafés, or you can walk around the park and look at the flowers and the trees. There's a museum you can visit, if you like art. After lunch, you can walk on the beach and look at the ocean. So, enjoy your morning in Ponce!
