

## **UNIT 7 QUIZ B**

**File name: EV\_L1\_U7\_Quiz\_B**

Good evening and welcome everyone to Tenerife. Tenerife, as you know, is one of the Canary Islands, located near the coast of Africa. It has sun, beaches, the ocean, plants and mountains. Such a cool place to be right now.

We are here today to celebrate another year of Carnival in Tenerife. I'm talking to you all from Santa Cruz, the famous capital city of Tenerife. The streets are full of people. It's only 5:30 p.m. but already I can see about seven hundred or eight hundred people walking around the streets.

On my left, I can see a group of about twenty people who are wearing red and yellow costumes and they are dancing and singing. But they aren't singing in English so I can't understand the words of the song.

Oh wow! On my right I can see a group of about thirty people who are wearing beautiful dresses and they have lots of flowers in their hair. It's very noisy because all of the people are talking. Some people are sitting in cafes drinking coffee and listening to the music and other people are dancing in the streets. Everybody is having fun!

This year the carnival is from the 7th to the 18th of February and there is something to see every day. Lots of fun for all the family here in Tenerife, so come and join us!
