

UNIT 8 QUIZ B

Teacher: Good morning everyone, and welcome to Lakes Creative Arts Academy. I'm happy to see so many people here today, because this is a really fun class.

OK everyone, I don't have long to tell you about this first week, because we take a break in fifteen minutes. I can see that fifteen people at the back are talking, and you're not listening to me. Please wait until the break to talk because this is important information.

OK. Thank you. Now, in this class we make a movie! It's a movie with singing and dancing so we need some people who can dance and other people who can sing. You all have different skills and together we can make a great movie!

So, please think about what you like to do. Do you have any questions?

Boy: I like dancing and I can dance well, but I can't sing well. Can you teach us to sing for this movie?

Teacher: Don't worry. It's not important to do everything well. If you can't sing then someone else can sing and you can dance. Can anybody sing well?

Girl: Yes, I can sing well. I love music and I can read music well. I can play the guitar and on the weekends I'm a singer in a band.

Teacher: Great! Teamwork is very important here and we are going to work together to make a great movie.

Now does anyone have free time this afternoon to help me choose the music?
