

UNIT 9 QUIZ A

Welcome to Lotus Tours! I'm your tour guide today. Our destination today is Nara Park. This is a big park in the center of the city of Nara. There's a museum in the park and there are a lot of animals there, too. You can visit the museum and you can walk around the park and look at the animals.

Right now, we are in the wonderful town of Nara. Look out of the window on your left and you can see Nara City Hospital. Look out of the window on the right and you can see Nara College of Arts. In the afternoon you can visit all these restaurants and shops you can see.

We arrive at the park in about ten minutes. When we arrive at Nara Park you can have coffee in the café and, after that, you can walk around the park.

The museum opens in about fifteen minutes, at 10:30 a.m. If you want to go to the museum, please tell me. The tickets for the museum cost 500 yen for each person, but if a lot of people want to go to the museum, then we can buy cheap tickets. Please write your name in this book if you want a ticket to the museum.

Don't forget your camera because you can take lots of photos of the wonderful park. You have to be back here at the café at 12:30. Please don't be late!
