

EVOLVE LEVEL 2, Audioscript for Unit 3 Quiz A

Radio presenter: Welcome to Sports Quiz 3000! There are a lot of amazing men and women in sports. Can you think of two? Ok, I'm sure you have lots, but these are the two I have in mind: the first is a soccer player – his name is Cristiano Ronaldo.

First question for five points: which one has a sister who is a pop star? Yeah, you got it! That's right, it's Ronaldo! His brother Hugo is a pop star! Oops, no, sorry, that's wrong. It's his sister Katia! Had you fooled there, eh? Awesome!

And who is the second amazing sportsperson? Yes, you guessed it! It's Candace Parker, the great WNBA basketball player.

Another question about Candace. Which team does she play for? Yeah, she plays for the LA Sparks! And what about her sister or brother? Are they a basketball player too? Yes that's right, it's her brother, Anthony Parker.

So sports for these two is a way of life. But Ronaldo is from Madeira, Portugal while Candace is from St Louis, Missouri. Two very different places but two awesome talents.

Last question of tonight's quiz: which one is taller ? Yes, you guessed it – it's Candace at 6 feet 4 inches.

Goodnight everyone and thanks for watching!
