

EVOLVE LEVEL 2, Audioscript for Unit 10 Quiz B

Mrs. Comas: Good morning. Mr. Gardener?

Mr. Gardener: Hello. Good morning. I am here to ask you some questions about your office space. I am a germ expert and my job is to visit offices, to see if there are any dangers for your health.

Mrs. Comas: Yes, please come through to our offices. You said in your email that you want to look around the office. Do you want me to do anything?

Mr. Gardener: No, not at all. I need to look around the office and I may have some questions for you as we go around.

Mrs. Comas: OK, fine. Please follow me. So, we have two offices. This is our main office space and we have a smaller office through the red door over there.

Mr. Gardener: OK. And how many workers do you have in this main office?

Mrs. Comas: We have the receptionist, the office manager and 15 call center workers. Today there are only 14 because one person is off sick.

Mr. Gardener: And how many people work in the smaller office?

Mrs. Comas: Well, I work in that office. And we have an accountant and an IT specialist. So there are three of us working in that office.

Mr. Gardener: OK, so that's 17 here and another three of you through there.

Mrs. Comas: Yes, that's right.

Mr. Gardener: First, I'd like to look at the air conditioning system.

Mrs. Comas: Here you are.

Mr. Gardener: Now, when was the last time that you cleaned it?

Mrs. Comas: I'm not sure...

Mr. Gardener Air-conditioning systems recycle air and the germs in it, so it might be full of germs. Next, I'd like to have a look at one of the desks...
