**A custom from the Philippines**

I love to travel when I can, in my free time and when I have a vacation. I always take a notebook with me in my backpack. I make a note of things that I see that are different from at home. I'm from Australia, and so a lot of things are different from my home!

Last month, I went on vacation to the Philippines. It was an amazing trip and I met some interesting people. I met a woman called Veronica who told me about a Philippine custom that I didn't know about. I'll tell you about the Philippine custom. When a person from the Philippines goes to live in another country, they make a box called a 'balikbayan box'. A balikbayan box is a box filled with typical things from the new country. Typical things for the box are chocolate, shoes, nuts, clothes, coffee, tea, magazines. The person sends the box in the mail to their family.

I think this is a great idea and next time I go on vacation I am going to remember this. I'm going to make my own balikbayan box to send to my family in Australia.
