

### EVOLVE LEVEL 3, audioscript for Unit Quiz 1B

- Hannah: Welcome to this morning's show. Today we're chatting with people who have recently met family members they didn't know before. Our first guest, Matt, has just met his cousin Abigail. Welcome, Matt.
- Matt: Hi, Hannah. Thanks for having me on the show.
- Hannah: My pleasure! So, tell us all about it. How did you find Abigail?
- Matt: Well, I was looking through some old photos in my parents' house, and I found this picture of them with a young girl. I guess she was, I don't know, around sixteen. And I didn't know who she was, so I started searching through letters and pictures.
- Hannah: I wonder if your cousin was similar to other family members. Did you talk to your parents about her?
- Matt: No, I couldn't. Both my parents died a few years ago, but then I remembered something ...
- Hannah: Go on. What did you remember?
- Matt: I had an aunt who lived in Jamaica, and she had a daughter, but I never met them. So I did some searching on the internet, and finally I got a name and an address. My cousin is Abigail Winston, and she lives in Negril, in Jamaica.
- Hannah: That's amazing. Did she come to see you or did you go to Negril?
- Matt: Well ... I saved money for around a year until I had enough for the flight. We met last month, and we got along great. It's fun finding family!
- Hannah: I'd like to know what Abigail is like. Can you tell me a little about her?
- Matt: Yes, sure. She's a lot like my mother, in fact. She's pretty easygoing and sociable. She's into a lot of the sports that I like ... tennis, swimming ...

Hannah: Thank you, Matt. It's been great chatting with you. Let's move on to our next caller.

Martina, tell us ...
