

### EVOLVE LEVEL 3, audioscript for Unit Quiz 9B

David: How was your first week working from home, Sam?

Sam: Fantastic! I didn't have a boss telling me what to do. I could wear any clothes I wanted to. And I could start and stop when I liked.

David: Great! But did you do any work?

Sam: Well, my idea was to start selling bags online. Before I started making my first bag, I realized I didn't have a website, so I spent the first day thinking about how to create one. The first thing I needed was a good name for my website, so I went for a long walk in the park to get some ideas.

David: And did you choose one?

Sam: Yes, a great name. SammyStyle. But when I tried to buy it, I found out someone was already using it. So I chose Sambags.

David: I think I prefer it.

Sam: Me too. Anyway, that was my first day. The second day, I tried to create my website, but when you're on the internet, it's so easy to waste time. One moment I was watching a video on how to create a web page, then five minutes later I was watching the 50 best funny cat videos.

David: Sam! You can't waste time like that. Time is money! You should set an alarm for one hour and start working. If the alarm rings and you're not working, you have to set it for another hour.

Sam: Good idea. Anyway, on Wednesday and Thursday I made two pages for my website. If someone wants to buy one of my bags, they just click a button. On Friday I started telling people about my page on social media.

David: But have you made any bags yet?

Sam: Uh ... no ... but I'm very excited. And on Monday I'm going to make my first bag!

David: It'll be interesting to see how this goes.
